

**LISTING OF CLAIMS:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently amended) A method of rolling a membrane ~~sheet~~ sheeting having a seam tape applied only along ~~one~~ a first edge of said membrane sheeting with a portion of said membrane sheeting having no seam tape said portion extending from said seam tape to a second edge comprising

folding ~~a second edge~~ said portion of said membrane sheeting over upon itself to form a folded sheet wherein said ~~second edge~~ portion of sheeting does not overlie any area of said membrane sheeting having seam tape adhered thereto, and  
rolling said membrane sheeting.

2. (Currently amended) The method claimed in claim 1 wherein said seam tape is on a first surface of said membrane sheeting and said ~~second edge~~ portion of said membrane sheeting is folded onto said first surface.

3. (Currently amended) The method claimed in claim 1 wherein said seam tape is on a first surface of said membrane sheeting and said ~~second edge~~ portion of said membrane is folded onto a second surface of said membrane sheeting.

4. (Original) The method claimed in claim 1 wherein said membrane sheeting is EPDM.

5. (Currently amended) A roll of membrane sheeting having a first edge and a second edge, a seam tape adhered only to said first edge wherein said second edge is folded toward said first edge and wherein said second edge does not overlie said seam tape.

6. (New) The method claimed in claim 1 wherein said portion of said membrane is folded toward said first edge with said second edge of said sheeting resting adjacent said seam tape.
